

Dear Mom

*You taught me right from wrong
Which star to wish upon
That I can be whatever I want to be
And to care about other people - not just myself.*

*This year instead of the gifts
I usually give you on Mothers' Day
I've made a donation in your name to the
United Nations Development Fund for Women*

*So they can help mothers all over the world
Do as good a job as you did.*

I love you.
